

I speak about myself.

(written comprehension.)

Read what the 2 children are writing below and complete the grid.

Hello everybody !

I am Jack, Jack Mac Callahan but my friend call me « Titch » because I am quite small for my age (I am 12). I am Scottish, I am from a small village called Neyland. I have got green eyes and short, straight ginger hair. I have got one sister, Dot, that is short for Dorothy.

I am mad about martial arts. Oh yes, I may be small but I am strong ! I like fish and chips, hamsters and whales but I hate cheese and brocolis, snakes and rats. I do a lot of sport, I like soccer but I prefer cricket, I play in the school team.

In my freetime, I love going out with my friends and playing music with them but I detest reading and doing my homework.

That's all for the moment.

Bye everybody !

Hi !

My name is Louise Wright. I am from America but I live in Ireland, in Dublin because my mum works there. I have got long blond hair (to cover my ears but that's a secret !) and brown eyes I am not very tall and quite thin. I have got 2 goldfish called Marylin and Manson. I haven't got any brothers and sisters, I am an only child.

I hate soccer and rugby (rugby is so violent !) I prefer tennis, indeed it is my favourite sport and I often play with my friend kerry.

My mum is very good at cooking, she is a real « chef ». I like everything she prepares , especially chocolate cake and chicken curry. I eat a lot of fruit and vegetables because I want to keep thin, I refuse to be plump ! I love apples and in summer strawberries, cherries and peaches.

At week-ends or during the holidays, I like getting up late, indeed I love sleeping. I also like swimming and going to the cinema with my friends.

That's all for the moment.

See you soon !
